"Pajama Game"

AT HIGH SCHOOL

Ah memories! Was 1950 really that long
ago? How about the jitterbug, or some of
those old favorites like "Hey There", "Her-
nando's Hideaway" or "Steam Heat"? As a
refresher course the Old Rochester Regional
High School Musical Troupe will present
"Pajama Game" for your enjoyment on April
2nd and 3rd.

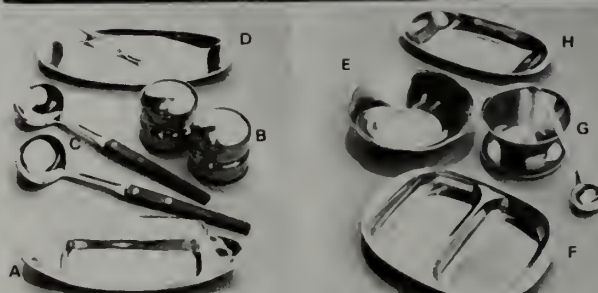

The scenes focus on the titanic struggle
between capital and labor in a small mid-
western pajama factory. Along with the
growing love story between Sid Sorokin and
Babe Williams there is always the effect
of "Prez" on the crowd.

The show features Donna Layport as Babe,
Chris Black as Sid, Eric Saether as Hines,
Mary-Kate Worden as Gladys, Spencer Gurn-
ey as Prez and Tracy Bigham as Mabel. Under
the able direction of Susan Aaronson and pit
orchestra director Gary Thomas we hope to
bring you a fantastic show that you will al-
ways remember. Hope to see you there!

ing of June 30, 1975. His opinion is that the application of that law to pools which were already in existence, prior to that adoption, would not be a violation of any constitutional privilege and is a valid exercise of the town's police power. He states that the town may require owners of pools in existence at the time of the by-law to conform to that by-law.

(Article 32 of the annual Town Meeting will seek a \$50. fine authorization for violation of this by-law.)

Scratch was written by Massachusetts' poet-playwright Archibald MacLeish and is being directed by George W. Hayden.

The legend of Marshfield's Daniel Webster and his encounter with the Devil will star Kevin Michael Feeley and Ron Bumpus and feature Selectman Daniel P. Scratch with its spiritual argument is most suited for church and educational organizations. At the same time there is enough suspense to satisfy mystery fans. Tickets

FORAM Activities

If you do not attend -- who will make the decisions concerning in what direction FORAM support shall move, how FORAM funds shall be spent, what FORAM activities will be held in the future? If you do not attend -- who will work at making these musical, artistic, dramatic and photographic experiences happen? Did you know that through FORAM funding the ORRHS was able to buy an enlarger for the use of all students involved with the photography program?

If we, as parents and members of the community, are not interested, the young people will not get the opportunities that may otherwise be available to them.

Come, participate in the decision-making and enjoy planning and supporting the activities for the remainder of the school year. The meeting date is Wednesday, April 7th, at 8 P.M. at the ORRHS Library.

FIRST THINGS FIRST

If we are to improve or even maintain the quality of life in Mattapoisett, we must establish our priorities.

There is enough talent and energy in this town to proceed into the future in an orderly and creative manner.

The challenges of growth can be met only through a spirit of cooperation. The first step is to coordinate our varied human resources.

To do these things will require leaders dedicated to them. I am.

Members of the Regional Symphonic Band and children of band members who have been accepted as music majors at the colleges of their choice also may apply. Their applications, also, must be accompanied by letters of acceptance from the schools involved.

Funds for the scholarship program are derived from the proceeds of the association's POPS concert, which this year will be held June 12th at Tabor Academy. Tickets will go on sale May 1.

Once the scholarship winners have been notified, they are required to provide the chairman of the scholarship committee with the addresses of the schools where they have been accepted and names of the officials to whom the money will be sent. In all cases, the money is sent directly to the schools in the students' names.

The scholarships are paid in two semester installments - the first in time to be credited against tuition for the first semester and the second on receipt of evidence from the school that the student successfully completed the first semester and is continuing as a music

HARPSICHORD RECITAL

Jane Clark, harpsichordist of London, will be the guest artist in the Creative Arts Program Series of the Fairhaven Unitarian Church on Sunday, April 11th, at 3:30 P.M. in the Parish House. Miss Clark's work as a recitalist and lecturer has taken her throughout Britain, and she is currently on tour in the United States. She broadcasts frequently for the BBC both as a commentator on music and soloist. She is highly accomplished as a harpsichordist in performing the works of the baroque period, and her specialty is "Scarlatti and Spain" in which she demonstrates the Spanish influences on Scarlatti's music. Her program in Fairhaven will include compositions by Sweelinck, Bach, Scarlatti, Couperin and Stephen Dodgson, her husband.

The recital is open to the public with no admission charge. A freewill offering will be taken. The afternoon will close with a reception to which all are cordially invited; and to view an art exhibition by Nathalie Blaha of Fairhaven.

Some of the world's great banks are unbranched.

Like ours.

Not that we have anything against branches. It's just that most people like us right where we are. And they keep telling us so.

Instead of building branches, we've been building on. Putting it all together in one place. Right here on Route 6 where we're so easy to reach from practically everywhere. And the parking's easy.

Why don't you discover for yourself one of the world's great banks. What a real convenience our unbranched banking is. Either with Big Doc, our 24-hour teller out front. Or at our early-bird, triple-lane drive up window. Or in our main bank during regular hours.

Lots of banking options are yours when you bank with us. We're waiting for you. We want you to discover one of the world's great banks. Ours.

Mattapoisett Seniors

The regular meeting of the Mattapoisett Seniors' Club was held Monday at the American Legion Hall. At this meeting members voted to have future meetings start at 2:00 P.M. in order to avoid interference with the Nutrition Program.

Following the short business meeting, Mr. Rogers, field representative of Blue Cross-Blue Shield, spoke on the functions and benefits of Medicare and Medex to those present.

A question and answer period followed the talk and it seemed apparent that most people covered by these health care services have an inadequate understanding of the

Everything you need in one compact package: 2 seamless corner panels, one overlapping center panel with molded soap dish, adhesive, caulking and instructions. What could be easier? No cutting, fitting or mitering in corners; no moldings to install. Kit goes up over any solid surface to cover a bath recess area up to 30" x 62". A great idea in a kit from Marlite.

Residents of Mattapoisett

Here we are, again approaching our town election. This is a very important time of the year for all taxpayers and citizens of Mattapoisett, because it offers everyone an opportunity to guide the direction of our town through your ballot.

Last year I ran for the Highway Surveyor's office and I am again a candidate this year for this office.

The support that I received last year at the polls against my well-entrenched opponent was heart-warming to say the least.

We entered this race very seriously last year, and my opponent realized after the election that he would have to change the stagnant ways of the Highway Department and as the year went on, one noticed numerous, long overdue projects brought up to date. Of course this was not without an inflationary penalty which will have to be borne by the taxpayer. Seeing this happen over and over again, one realizes how

important it is that there be serious opposition for all elected town offices to keep incumbents responsive to the town's needs and for better town government.

I appreciate all support, future and past, in my candidacy for Highway Surveyor this year. Thank you.

KNOWING TREES BY THEIR BARK

Trees are most easily identified by their leaves. Most people can identify at least a few trees in the summer when the leaves are present. But a sharp eyed observer knows his trees even in the winter without the aid of the leaves. With a little bit of practice, anyone can learn to identify a tree by its bark alone. This Saturday morning, April 3rd, at 10:00 A.M. the Children's Museum will lead a field walk entitled Knowing Trees by Their Bark. This field walk will be held at the Museum Outdoors at 100 Old Westport Road in North Dartmouth. Admission is free.

STORY HOUR

This Saturday afternoon, April 3rd, at 2:00 Mrs. Wilder, from the Southworth Library, will conduct a story hour at the Children's Museum in Russells Mills. The story hour, which is a weekly program at the Southworth Library, is suggested for pre-schoolers and first graders. Admission to the story hour is free for members with a nominal fee for non-members. To register, call 636-4688.

Senator George Rogers (D-New Bedford) and Representative Charles MacKenzie (R-Wareham) announced that they have received a communication from the Department of Community Affairs, which was also sent to the Mattapoisett Housing Authority, concerning the development of the Mattapoisett Elderly Housing Project.

Senator Rogers said, "Earlier this year I requested a report from the D.C.A. as to why funding for the Mattapoisett project was not available. I was told at that time that as a result of the unfavorable conditions of the short-term bond market funding for all the state housing projects was not available and that the solution of the problem lies in the passage of legislation being proposed to allow for long-term bonding. KEN WATJEN, Prop. 62 STATE RD., NORTH DARTMOUTH

more than 180 persons who recently attended a two-day conference on the Massachusetts Growth Policy Development Act at Tufts University.

The conference, sponsored jointly by Tufts' Graduate Program in Urban Social and Environmental Policy and Tufts' Lincoln Filene Center for Citizenship and Public Affairs, was designed to explain the implementation of the Act to members of the local growth policy committees created in Massachusetts municipalities under its provisions.

According to the Act, these local growth policy committees must complete and file a local growth policy questionnaire with regional planning agencies and the Office of State Planning to help the state develop a coherent growth policy. The conference included several workshops on the questionnaire.

Participants also heard a discussion of

the provisions and intent of the Act by a panel which included Sen. Allen McKinnon, Rep. Robert Wetmore, Sen. William Saltonstall, Secretary of Communities and Development William Flynn and representatives of the Office of State Planning and the Executive Office of Environmental Affairs.

The two residents are Robert Carroll of Coombs Road, Rochester, and Georgia Chamberlain of Mary's Pond Road, Rochester.

RE- ELECT BILL HUBBARD SELECTMAN

We have done a lot of thinking about how well BILL has done as our Selectman during the past three years, and we know you have too.

His experience and his familiarity with town government and how it works for all the people is certainly his most valued qualification for serving successfully in the office of Selectman.

As CHAIRMAN during this past year, his ability to seek out input from all sides on issues and reach LOGICAL DECISIONS in the best interests of the town and get cooperation from all has been exceptional.

Bill is a conscientious hard-working Selectman who has represented our town and all its people very well and who will continue to call on his past experience in town government as we move ahead and solve the problems and meet the needs of all the people of Mattapoisett in the future.

There really isn't much more you can ask of a successful Selectman, is there?

That's why we're voting for BILL HUBBARD and that's why we're asking you to vote for BILL HUBBARD on Wednesday, April 7.
